

**Keep up with Your Colleagues and Competitors ...
... See who is already registered to attend:**

IBC's Annual International
**Vaccines Production
Summit**

www.IBCLifeSciences.com/vaccines

IBC's 7th International
**Single-Use
Applications for Biopharmaceutical
Manufacturing**

www.IBCLifeSciences.com/singleuse

June 14-16, 2010, – Hyatt Regency La Jolla - La Jolla, CA

Pre-Registered Attendees as of June 2, 2010

Company	Title	Department	Interest
ABEC Inc	President & Chief Executive Officer	Corporate	Single-Use Applications
Acceleron Pharma	Senior Vice President Manufacturing		Single-Use Applications
AdvantaPure New Age Industries	Director of New Business Development	New Business Development	Single-Use Applications
Alfa Wassermann BV	Global Project Director	Business Development	Vaccine Production
Allergan Inc	Validation Engineer	Quality Assurance	Single-Use Applications
Allergan Inc	Manufacturing Manager	Bioscience Lab	Single-Use Applications
Althea Technologies	Vice President	Quality and Regulatory Affairs	Vaccine Production
Amgen Inc	Scientist	Product & Process Development	Single-Use Applications
Amgen Inc	Senior Engineer	Global Process Engineering	Single-Use Applications
Amgen Inc	Director	Manufacturing	Single-Use Applications
Ancora Pharmaceuticals, Inc.	Vice President, Research and Development		Vaccine Production
Aridis Pharmaceuticals	Vice President	Rsrch & Devmt	Vaccine Production
Artelis	President		Vaccine Production
Asahi Kasei Bioprocess	Manager	Planova Division	Single-Use Applications
ATMI	Director Business Strategy Integration	Global Operations	Single-Use Applications
Atoll Bio	SVP Sales Marketing Innovation	Marketing	Single-Use Applications
Avid Bioservices, Inc.	SVP Manufacturing/Bioprocess Dev	R&D	Single-Use Applications
BIA Separations	Chief Executive Officer		Vaccine Production
Biogen Idec	VP Bioprocess Development		Single-Use Applications
BioMarin Pharmaceutical	Process Engineer II	Manufacturing Sciences	Single-Use Applications
BioPharm Services	Executive Director	Key Accounts Biopharm Software Solutions	Single-Use Applications
BioPharm Services Inc.	President		Single-Use Applications
BioProcess International	Editor in Chief		Single-Use Applications

BioProcess Technology Consultants, Inc.	Senior Consultant		Vaccine Production
Boehringer Ingelheim	Scientist	Process Development	Vaccine Production
CMC Biologics A/S	Manager Cell Culture Purification		Single-Use Applications
Compliance Concepts International	Principal Consultant / President		Single-Use Applications
Corning Inc	Senior Cells Application Scientist		Single-Use Applications
Crucell	Scientist	Process Development Virology	Vaccine Production
Crucell Holland BV	Scientist		Vaccine Production
CSL Behring	Scientist	Adjuvant Manufacturing	Single-Use Applications
CSL Limited	Senior Scientist	Fermentation & Cell Culture	Single-Use Applications
DARPA	Command Physician	Defense Science Office	Vaccine Production
Dynavax Technologies	Principal Scientist	CMC Oligonucleotides	Vaccine Production
Dynavax Technologies	Associate Director	QA	Vaccine Production
Dynport Vaccine Company LLC a CSC Company	Associate Director	Manufacturing, Testing and Technical Services	Vaccine Production
Eden Biodesign Inc	Director Business Development	Business Development	Vaccine Production
EMD Chemicals	Business and Technology Development	Biopharm Center of Excellence	Single-Use Applications
Emergent BioSolutions	Vice President, Operations		Vaccine Production
Emergent BioSolutions	President	Manufacturing	Vaccine Production
Entegris Inc	Product Marketing Mgr		Single-Use Applications
FDA CBER	Senior Regulatory Review Officer		Single-Use Applications
G-Con, LLC	President		Single-Use Applications
GE Healthcare	Senior Research Engineer	R&D	Single-Use Applications
GE HEALTHCARE	Project Manager	Enterprise Solutions	Single-Use Applications
GE Healthcare	Section Manager	R&D Cell Culture & Technology	Single-Use Applications
Genentech	Manufacturing Science Specialist		Single-Use Applications
Genentech Inc		Manufacturing Science & Technology	Single-Use Applications
Genentech Inc	Senior Cell Culture Engineer		Single-Use Applications
Genentech, Inc	Engineer, Process Development Engineering		Single-Use Applications
Genentech, Inc.	Senior Manager, Oceanside Clinical Operations		Single-Use Applications
Genentech, Inc.	Engineer		Single-Use Applications
GeoVax Inc	Manager	PD	Vaccine Production
GlaxoSmithKline	Scientist	Technical Regulatory Affairs	Vaccine Production
GlaxoSmithKline Biologicals	Director Industrial Vtral Bulk Production	Industrialization	Single-Use Applications
GlaxoSmithKline Biologicals	Engineer Industrialization		Single-Use Applications
Human Genome Sciences Inc	Senior Supervisor	LSM Downstream Mammalian	Single-Use Applications
Invetech Inc	Program Manager	M I	Single-Use Applications
Invitrogen	Packaging Engineer	Packaging	Single-Use Applications
KBI Biopharma Inc.	Director, Technology		Vaccine Production

	Development		
Kyowa Hakko Bio Co Ltd	Manager	Marketing & Business Development	Vaccine Production
Kyowa Hakko Kirin Company Ltd	Scientist	BioProcess Research & Development	Single-Use Applications
Laureate Pharma	Senior Manager Upstream Processing		Single-Use Applications
Life Technologies	Technical Area Manager	Invitrogen Molecular Biology Reagents	Vaccine Production
LigoCyte Pharmaceuticals Inc	Senior Director	CMC Operations	Vaccine Production
Lonza	Global Product Manager Disposables	Media Services	Single-Use Applications
Lonza Biologics	Senior Scientist	Manufacturing Sciences and Technology	Single-Use Applications
Marubishi Bioengineering Company Ltd	Senior Managing Director	Engineering	Single-Use Applications
Material Needs Consulting LLC	President		Single-Use Applications
Medicago Inc	Vice President	Manufacturing	Vaccine Production
MedImmune Inc	Process Development Engineer	Vaccine Development	Vaccine Production
MedImmune Inc	Scientist	Vaccine Development	Vaccine Production
MedImmune Vaccines	Senior Scientist		Vaccine Production
MedImmune, Inc.	Director Vaccine Development	Process & Manufacturing Sciences	Vaccine Production
Merck	Research Fellow	Bioprocess Analytical and Formulation Sciences	Vaccine Production
Merck & Co	Vice President	Biological Sciences & Strategy	Single-Use Applications
Merck & Co	Development Engineer	BioSciences and Strategy	Single-Use Applications
Merck & Co Inc	Senior Process Engineer	Bioprocess Engineering	Single-Use Applications
Merck & Co.	Director	Bioprocess Analytical & Formulation Sciences	Vaccine Production
Merck & Company Inc	Senior Scientist	Bioprocess Clinical Manufacturing & Tech	Single-Use Applications
Merck & Company Inc	Senior Research Biochemical Engineer	Vaccine & Biologics Process Development	Vaccine Production
Merck Serono S.A.	Biotechnology Engineer	Biotech Process Sciences Upstream	Single-Use Applications
Merial Ltd	Senior Scientist	BioProcess Development R&D	Vaccine Production
Millipore Corp	Applications Engineering Manager		Single-Use Applications
Millipore Corporation	Product Manager	Marketing	Single-Use Applications
Millipore Corporation	Product Manager	Marketing	Single-Use Applications
Millipore Corporation	Tech Manager Chrom	Bioprocess	Single-Use Applications
Millipore Corporation	Director	Mobius Single Use Systems	Single-Use Applications
Millipore Corporation	Department Head	Research & Development	Single-Use Applications
Millipore Corporation	Manager	Business Strategy	Single-Use Applications
Millipore Corporation	Engineering Manager	Research & Development	Single-Use Applications
Millipore Corporation	R&D Director	DSP R&D BioProcess Division	Single-Use Applications
Millipore Corporation	Senior Applications Engineer	Applications Engineering	Single-Use Applications

Millipore Corporation	Product Development	Research & Development	Single-Use Applications
Morphotek Inc	Senior Scientist	Process Development	Single-Use Applications
New Brunswick Scientific	Product Manager		Single-Use Applications
NIH NIAID	Biologist	Malaria Vaccine Development	Vaccine Production
Novartis Pharmaceutical Corporation	Senior Process Development Engineer	Manufacturing Technology	Single-Use Applications
Novartis Vaccines	Analytical Project Manager	Technology Development	Vaccine Production
Novartis Vaccines & Diagnostics	Investigator		Vaccine Production
Novartis Vaccines and Diagnostics	Global Head	Technical Operations	Vaccine Production
Novartis Vaccines and Diagnostics	Head, Global Manufacturing Technology Development		Vaccine Production
Novavax, Inc.	Sr Manager Downstream Purification Development		Single-Use Applications
Pall Life Sciences	Global Product Manager Allegro Single Use Systems		Single-Use Applications
Pall Life Sciences	Senior Vice President	Scientific Affairs	Single-Use Applications
Pall Life Sciences	Single Use Systems Process Engineer	Life Sciences Process Engineering	Single-Use Applications
Parker Hannifin	Manager	Marketing	Single-Use Applications
Parker Hannifin	Scientist	Technical Support	Single-Use Applications
PATH	Senior Technical Advisor	Vaccine Development	Vaccine Production
PAW BioScience Products	President/Owner	Administration	Single-Use Applications
PaxVax	Vice President , Operations		Vaccine Production
PBS Biotech Inc	Director, Product Development		Vaccine Production
PBS Biotech Inc	Operations Specialist		Vaccine Production
PBS Biotech, Inc.	President		Vaccine Production
Percivia LLC	Scientist I	Downstream Process Development	Single-Use Applications
Pfenex	Research & Development Leader	Analytical Biochemistry	Vaccine Production
Pfenex Inc	Director, Fermentation Development		Vaccine Production
Pfenex Inc	Director Business Development		Vaccine Production
Pfizer	Technical Associate	Biologics RD Pilot Plant	Single-Use Applications
Pfizer	Director Strategy and External Affairs	Biotherapeutics Pharmaceutical Sciences	Single-Use Applications
Pfizer	Senior Scientist	Vaccine formulation	Vaccine Production
Pfizer	Sr.Principal Scientist	Global Biologics & Bioprocess R & D	Vaccine Production
Pfizer Inc	Senior Scientist	Biologics Research & Development Manufac	Single-Use Applications
Pfizer Inc	Senior Associate Scientist	Global Biologics	Vaccine Production
Pfizer Inc	Senior Principal Scientist	Bioprocess R&D Manufacturing	Vaccine Production
Pfizer Inc	Senior Scientist	Biotherapeutics R & D	Vaccine Production
Pfizer Inc	Senior Principal Scientist	Bioprocess R&D	Vaccine Production
Pfizer Inc	Scientist	Bioprocess RD	Vaccine Production
Pfizer Inc	Research Fellow		Vaccine Production

Pfizer, Inc.	Director	Biotherapeutics R&D	Vaccine Production
Presens Precision Sensing GmbH	Chief Operating Officer		Single-Use Applications
Protalix Biotherapeutics Ltd	Bioreactor Process Development Manager		Single-Use Applications
Protein Sciences Corporation	Senior Director	Influenza	Vaccine Production
RecipharmCobra Biologics	Head of Manufacturing Technologies		Vaccine Production
Repligen Corporation	Product Manager	Marketing	Single-Use Applications
Repligen Corporation	Vice President	Bioprocessing Business Development	Single-Use Applications
Richmond Chemical Corporation	Vice President Biologics	Biologics	Single-Use Applications
Sanofi Pasteur	Manager Validation Projects		Single-Use Applications
Sanofi Pasteur	Process Development Engineer	Bioprocessing Research	Single-Use Applications
Sanofi Pasteur	Senior Scientist Process Development	Process Development	Vaccine Production
Sartorius Stedim Biotech	Vice President	Engineering	Single-Use Applications
Sartorius Stedim Biotech	Director of Manufacturing		Single-Use Applications
Sartorius Stedim Biotech GmbH	Global Product Manager	Integrated Solutions	Single-Use Applications
Sartorius Stedim Biotech GmbH	Vice President R&D and Technologies	R&D and Technologies	Single-Use Applications
Sartorius Stedim North America Inc	Territory Manager		Single-Use Applications
Sartorius Technologies	Team Leader	Biotechnology Division	Single-Use Applications
Shire Human Genetic Therapies	Bioengineer II	Cell Culture Process Development	Single-Use Applications
Sutro Biopharma Inc	Vice President	Development	Single-Use Applications
Sutro Biopharma Inc	Associate Director of Process Science	Development	Single-Use Applications
Takeda Pharmaceutical Company Limited	Vaccine Technology	Research & Development	Vaccine Production
Talecris Biotherapeutics	Principal Process Development Eng.	Technology	Single-Use Applications
Talecris Biotherapeutics	Manager	Engineering	Single-Use Applications
Teva Biopharmaceuticals, USA	Senior Bioprocess Engineer		Single-Use Applications
Texas A&M University System	Project Coordinator	Research	Single-Use Applications
The Vaccine Research Institute of San Diego	Associate Professor		Vaccine Production
Thermo Fisher Scientific	Apps Engineer	BPC	Single-Use Applications
University of British Columbia	Professor	Microbiology & Immunology	Vaccine Production
University of Tehran	student	life science	Vaccine Production
University of Texas Medical Branch	Director of Product Development	Microbiology and Immunology	Vaccine Production
US Department of Health & Human Services	Director	Strategic Science & Technology	Vaccine Production
US Department of Health & Human Services	Project Officer	BioMedical Advanced Research and Development Authority	Vaccine Production
US Department of Health & Human Services	Project Manager		Vaccine Production

US Department of Health and Human Services	Project Officer	Bio Medical Advanced Research and Development Authority	Vaccine Production
VGXI, Inc.	Chief Operating Officer		Vaccine Production
Wyeth	Director		Vaccine Production
Xcellerex, Inc.	President and Chief Technology Officer		Single-Use Applications
XOMA	Senior Director	Manufacturing Operations	Single-Use Applications
